# ABOUT IFPA

IFPA (The International Federation of Psoriasis Associations) is a global non-profit organization committed to improving the lives of individuals affected by psoriatic disease, and dedicated to increasing awareness, promoting cutting-edge research, and providing support for patients.

This is done by uniting psoriatic disease associations around the world and work together with the whole psoriatic disease community - patients, associations, medical and health professionals, academia, private sector and policymakers.

With 60+ national patient associations as members, IFPA represent over 60 million people living with psoriatic disease. Together, we advocate for progress.

# ABOUT IFPA CONFERENCE

The 7th IFPA Conference (previously called World Psoriasis & Psoriatic Arthritis Conference), is an event that serves as a platform to celebrate the progress made by the psoriatic disease community in enhancing the quality of life for individuals affected by psoriatic disease. Taking place from **June 27th to June 29th, 2024, in Stockholm, Sweden**, this conference offers a unique opportunity to exchange knowledge and engage in meaningful dialogues surrounding these advancement with **“Uncovering the Broad Spectrum of Psoriatic Disease”** as its main theme.

During the upcoming IFPA conference, participants will delve into various aspects of psoriatic disease management. These discussions will encompass notable achievements in the realms of prevention, diagnosis, and treatment of psoriatic diseases, while also addressing forward-thinking strategies for the future. The conference will foster exploration in key areas of basic, translational, and clinical research, with a primary focus on driving new discoveries and innovative therapies. The selected topics and discussions will be driven by their clinical relevance, a commitment to global collaboration, and an unwavering patient-centered approach.
